Münster, 18.06.2026

Certificate

Dermatest GmbH confirms hereby that the test product

AURORA

was evaluated for skin tolerability by means of epicutaneous testing under the control of dermatological specialists and according to international guidelines.

Statement number: 260618S394

Statement date: 18.06.2026

No relevant skin reactions were detected in the test area following a single product application.

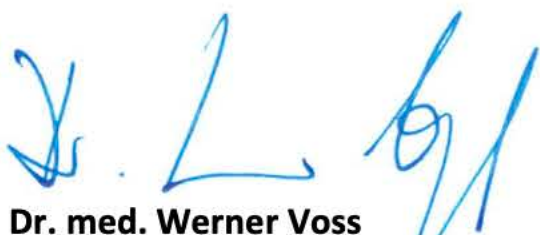

Therefore, from a clinical-dermatological point of view, the product was tolerated

„excellently“

and can be declared as **„dermatologically tested“**.

Based on the study design and the confirmed skin tolerability, the Dermatest® guaranty seal can be assigned for use for the test product.

The seal contains the month and year (06/26) of the latest performed test.
